

PRATHMESH NAVNATH SALUNKHE

Data Analytics & BI Enthusiast

+91-8087347771 prathmeshsalunkhe16@gmail.com LinkedIn GitHub Portfolio Pune, India

SUMMARY

Detail-oriented Data Analyst with hands-on experience in Python, SQL, Excel, and Power BI, specializing in data cleaning, EDA, dashboard development, and business reporting. Skilled in transforming raw data into actionable insights through interactive dashboards and visualizations. Performed multiple real-world analytics projects involving revenue analysis, course performance, and student data, with strong analytical thinking and attention to detail. Actively seeking a Data Analyst / BI role to support data-driven decision-making.

EDUCATION

B.Tech in Computer Engineering

D Y Patil University

11/2022 - 06/2025 Ambi Pune

Diploma

Trinity Polytechnic

07/2022 - 07/2022 Yewalewadi Pune

Class XI

Maharashtra Board

06/2018 - 02/2019 Devapur Satara

Class X

Maharashtra Board

06/2016 - 03/2017 Devapur Satara

CERTIFICATIONS

Data Analytics Course (Certified)

Core Python, SQL, Excel, Power BI, and data visualization

Web Development Training

Completed at Acmegrade and CodSoft

Cyber Defense Engineering Using Python

Focused on Python with cyber defense strategies

AWS Mastery Bootcamp

Bootcamp on mastering AWS technologies

NC-RISES 2024 Presentation

Certificate of Publication for presenting at NC-RISES 2024

Industrial Training: Red Hat Linux & AWS

6-week industrial training on Red Hat Linux and AWS

Virtual Internship in Web Development

Engaged as a virtual intern in web development

LANGUAGES

Marathi

English

Working Proficiency

SKILLS

Hard Skills

Data Analytics & BI

➤ Excel | Power BI | EDA

Programming Languages & Libraries

➤ Python | NumPy | Pandas | Matplotlib |
Seaborn | Plotly | Streamlit

Databases

➤ MySQL | SQL | PL/SQL | MongoDB | Firebase

Web & App Development

➤ HTML | CSS | JavaScript | Flask | Django |
Android | Java

Soft Skills

- Analytical Thinking
- Problem Solving
- Effective Communication
- Team Collaboration & Coordination
- Time Management
- Attention to Detail
- Adaptability

KEY ACHIEVEMENTS

★ Data Analysis & Dashboard Development

Built multiple dashboards and performed **EDA using Python, SQL, Excel, and Power BI** during Data Analytics training, improving data-driven insights and reporting.

PROJECTS

Teknowell EduTech – Institutional Performance & Analytics Dashboard

📅 12/2025 - 12/2025

Created an end-to-end Power BI analytics dashboard to analyze student enrollments, fees, revenue, placements, academic performance, and trainer effectiveness for an educational institute.

Page 1: Student Fees Performance Dashboard

- Tracked total, paid, and pending fees using KPI cards.
- Analyzed course-wise fee collection and paid vs pending amounts.
- Enabled student-level fee tracking with course and city filters.

Page 2: Course Enrollment & Revenue Dashboard

- Monitored student enrollment, total revenue, and avg revenue per student.
- Analyzed monthly enrollment trends and course popularity.
- Used time and course slicers for flexible analysis.

Page 3: Student Performance & Attendance Dashboard

- Analyzed student marks and performance categories.
- Tracked attendance % to identify at-risk students.

Page 4: Placement & Career Outcome Dashboard

- Tracked placement rate, avg package, and highest package.
- Analyzed course-wise placements and top recruiting companies.

Page 5: Trainer & Batch Performance Dashboard

- Evaluated trainer ratings and batch-wise student distribution.
- Linked trainer performance with student outcomes.

Groww Smart App for Direct Market Access to Farmers

📅 02/2025 - 05/2025

Established a mobile application to connect farmers directly with buyers, eliminating middlemen.

- Designed and built a mobile application connecting farmers with buyers directly.
- Integrated features like real-time market prices, secure payments, and OTP-based authentication.

★ Cloud & Linux Hands-on Experience

Participated in **AWS Mastery Bootcamp** and Industrial Training on **Red Hat Linux & AWS**, gaining practical experience in cloud deployment and server management.

★ Multiple Technical Certifications

Earned certifications in **Data Analytics, Web Development, Cybersecurity, and Machine Learning**, demonstrating continuous learning and upskilling.

★ Technical Paper Publication

Published a technical paper at **NC-RISES 2024**, showcasing strong research ability, technical writing, and presentation skills.

EXPERIENCE

Data Analytics Trainee Certification Training Program

📅 07/2025 - 12/2025

- ✓ Performed **data cleaning, data preprocessing, and exploratory data analysis (EDA)** using **Python (Pandas, NumPy)**.
- ✓ Developed **interactive dashboards** using **Power BI and Excel** for data-driven insights.
- ✓ Utilized **SQL** for data extraction, filtering, and reporting from structured datasets.
- ✓ Created **data visualizations** using **Matplotlib and Seaborn** to identify trends and patterns.
- ✓ Worked on **real-world datasets and mini projects** as part of the course.
