

PRATHMESH NAVNATH SALUNKHE

Data Analyst | BI Developer

Pune, India | +91-8087347771 | prathmeshsalunkhe16@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Detail-oriented Data Analyst and Lecturer with hands-on experience in Python, SQL, Excel, and Power BI, specializing in data cleaning, exploratory data analysis (EDA), dashboard development, and business reporting. Skilled in transforming raw data into actionable insights through interactive dashboards and visualizations. Combines strong analytical thinking with academic teaching experience in programming and engineering subjects. Actively seeking a Data Analyst / BI role to support data-driven decision-making.

EXPERIENCE

Lecturer – D.Y. Patil Polytechnic (Ambi, Pune)

January 2026 – Present

- Teach Programming in C, Basic Linux, and Web Page Design to 1st year AIML (Artificial Intelligence and Machine Learning) students.
- Currently teach Digital Techniques and Computer Graphics to 2nd year Computer Engineering students.
- Teach Information and Communication Technology (ICT) to newly enrolled 1st year Computer Engineering students.
- Deliver structured lectures and lab sessions across multiple Computer Engineering subjects for 1st and 2nd year diploma students.
- Provide technical guidance and mentorship to students on programming and engineering concepts.

Data Analytics Trainee – Certification Training Program

July 2025 – December 2025

- Performed data cleaning, data preprocessing, and exploratory data analysis (EDA) using Python (Pandas, NumPy).
- Developed interactive dashboards using Power BI and Excel for data-driven insights.
- Utilized SQL for data extraction, filtering, and reporting from structured datasets.
- Created data visualizations using Matplotlib and Seaborn to identify trends and patterns.
- Worked on real-world datasets and mini projects as part of the course.

PROJECTS

Teknowell EduTech – Institutional Performance & Analytics Dashboard

December 2025

Created an end-to-end Power BI analytics suite covering 648 students, ₹21M in total fees, and ₹17M in revenue across enrollment, placements, academics, and trainer performance.

- Student Fees Performance Dashboard: Tracked ₹21M total fees with ₹17M collected and ₹4M outstanding; built course-wise and city-wise fee collection views across 20+ cities, enabling faster follow-up on pending payments.
- Course Enrollment & Revenue Dashboard: Analyzed enrollment and revenue for 648 students generating ₹17M in revenue (avg ₹25.8K/student), tracked monthly enrollment trends across 20+ courses to identify top-performing programs.
- Student Performance & Attendance Dashboard: Analyzed performance data with an overall average of 74 marks (highest 99); tracked attendance across categories, finding 89.8% of students in the "Good" attendance band.
- Placement & Career Outcome Dashboard: Tracked outcomes for 648 students achieving a 65% placement rate, average package of ₹4.33 LPA, and highest package of ₹9 LPA, with course-wise placement analysis across recruiters like Infosys, TCS, Wipro, Capgemini, and Accenture.
- Trainer & Batch Performance Dashboard: Evaluated 4 trainers across 17 batches (~40 students/batch), tracking an average trainer rating of 4.29/5 and 94.1% of batches falling in the "Excellent/Good" performance band.

Groww Smart App for Direct Market Access to Farmers

February 2025 – May 2025

Built a mobile application to connect farmers directly with buyers, eliminating middlemen.

- Designed and built a mobile application connecting farmers with buyers directly.
- Integrated features like real-time market prices, secure payments, and OTP-based authentication.

SKILLS

Data Analytics & BI: Excel, Power BI, EDA, Data Cleaning, Dashboard Development, Business Reporting
Programming Languages & Libraries: Python, NumPy, Pandas, Matplotlib, Seaborn, Plotly, Streamlit, Java, C
Databases: MySQL, SQL, PL/SQL, MongoDB, Firebase
Web & App Development: HTML, CSS, JavaScript, Flask, Django, Android
Other Technical: Digital Techniques, Computer Graphics, Basic Linux, Red Hat Linux, AWS
Soft Skills: Analytical Thinking, Problem Solving, Effective Communication, Team Collaboration, Time Management, Attention to Detail, Adaptability

EDUCATION

B.Tech in Computer Engineering – D Y Patil University, Ambi, Pune	November 2022 – June 2025
Diploma in Computer Engineering – Trinity Polytechnic, Yewalewadi, Pune	July 2019 – July 2022
Class XII – Maharashtra Board, Devapur, Satara	June 2018 – February 2019
Class XI – Maharashtra Board, Devapur, Satara	June 2017 – April 2018
Class X – Maharashtra Board, Devapur, Satara	June 2016 – March 2017

CERTIFICATIONS

- **Data Analytics Course (Certified)** – Core Python, SQL, Excel, Power BI, and data visualization
- **Web Development Training** – Completed at AcmeGrade and CodSoft
- **Cyber Defense Engineering Using Python** – Focused on Python with cyber defense strategies
- **AWS Mastery Bootcamp** – Bootcamp on mastering AWS technologies
- **NC-RISES 2024 Presentation** – Certificate of Publication for presenting at NC-RISES 2024
- **Industrial Training: Red Hat Linux & AWS** – 6-week industrial training on Red Hat Linux and AWS
- **Virtual Internship in Web Development** – Engaged as a virtual intern in web development

KEY ACHIEVEMENTS

- **Data Analysis & Dashboard Development:** Built multiple dashboards and performed EDA using Python, SQL, Excel, and Power BI during Data Analytics training, improving data-driven insights and reporting.
- **Cloud & Linux Hands-on Experience:** Participated in AWS Mastery Bootcamp and Industrial Training on Red Hat Linux & AWS, gaining practical experience in cloud deployment and server management.
- **Multiple Technical Certifications:** Earned certifications in Data Analytics, Web Development, and Cybersecurity, demonstrating continuous learning and upskilling.
- **Technical Paper Publication:** Published a technical paper at NC-RISES 2024, showcasing strong research ability, technical writing, and presentation skills.
